Oglethorpe's Benefit Guide

This Employee Benefit Guide is an overview of the benefits available to you as well as the cost that will be deducted from your paycheck should you choose to elect. Please read it carefully in order to make the best choices for you and your family in the 2024 Plan Year, which will run January 1, 2024 through December 31, 2024.

At this time, Oglethorpe invites you to choose the benefits that best fit your needs. We greatly value our employees and are committed to providing competitive benefits. We are pleased to offer you a wide-ranging package of benefits for 2024. We recognize the important role your benefits play and we continue to make every effort to target the best quality benefit plans for our employees and their families. Our program offers a variety of plans to meet the needs of our diverse workforce. Oglethorpe's benefits are designed to assist in providing for the health, well-being and financial security of you and your covered dependents.

New hires have 30 days from their date of hire to enroll in benefits. Otherwise, open enrollment is your opportunity to enroll in benefits or make changes to your existing benefits. Benefits cannot be changed until the next enrollment period unless you experience a Qualifying Life Event.

Summary of Benefits

Oglethorpe is offering a comprehensive suite of benefits which includes the following:

- » Medical plans are offered through Cigna with a total of three plan options. An OAP (Open Access Plus) with HSA (Health Savings Account), OAP Standard, and OAP Premium.
- » Employer HSA match contribution of \$910 per year.
- » Employees can enroll in a Medical and Dependent Care Flexible Spending Account (FSA) if they do not enroll in the OAP with an HSA.
- » Dental is offered through Cigna.
- » Vision is offered through EyeMed.
- » All eligible employees will receive Basic Life and AD&D insurance through New York Life at no cost to the employee. Additional voluntary employee, spouse and/or child life insurance will be offered at a discounted group rate.
- » Employees have access to an Employee Assistance Program (EAP) through New York Life.
- » Long Term Disability (LTD) benefits are provided to the employee at no cost. Voluntary Short-Term Disability (STD) benefits are available to you on a voluntary basis.
- » Accident and Critical Illness Insurance policies are also available to supplement other medical benefit coverages.
- » Medical, dental and vision premiums will be deducted from your paycheck on a pre-tax basis.
- » Employees have access to benefit counselors through Cigna One Guide. These Benefit Counselors will be able to help you navigate through your medical, dental, life & disability options.

1

» A 403(b) plan is offered through Lincoln Financial to provide you with the tools and flexibility you need to prepare for retirement.

TABLE OF CONTENTS

We all work together to make Oglethorpe University a success, and our teamwork extends to your benefits. In this Guide, we use the term company to refer to Oglethorpe University. This Guide is intended to describe the eligibility requirements, enrollment procedures and coverage effective dates for the benefits offered by the company. It is not a legal plan document and does not imply a guarantee of employment or a continuation of benefits. While this Guide is a tool to answer most of your questions, full details of the plans are contained in the Summary Plan Descriptions (SPDs), which govern each plan's operation. Whenever an interpretation of a plan benefit is necessary, the actual plan documents will be used.

ELIGIBILITY & ENROLLMENT

Oglethorpe University offers a variety of benefits to support you and your family's needs. Choose options that cover what's important to your unique lifestyle.

Eligibility

If you are a regular full-time Employee of Oglethorpe University who is regularly scheduled to work at least 30 hours per week, you are eligible to participate in the medical, dental, vision, life and disability plans and additional benefits.

When Does Coverage Begin?

Your elections are effective on the first of the month following your date of hire. You won't be able to change your benefits until the next enrollment period unless you experience a qualifying life event.

Eligible Dependents

Dependents eligible for coverage in the Oglethorpe University benefits plans include:

- » Your legal Spouse (or common-law spouse where recognized).
- » Children up to age 26 (includes birth children, stepchildren, legally adopted children and children for whom legal guardianship has been awarded to you or your Spouse).
- » Dependent children 26 or more years old, unmarried and primarily supported by you and incapable of self-sustaining employment by reason of mental or physical disability which arose while the child was covered as a dependent under this plan (periodic certification may be required).

Verification of dependent eligibility is required upon enrollment and may be audited at any time during the plan year.

How to Enroll in Benefits

To enroll in benefits, all eligible employees should log on to Paycom. Use the link below for single sign on access, which allows you to use your OU username and password.

Thoughts & Tips: You CANNOT change your benefit selections during the plan year unless you have a qualifying life event, such as marriage and/or the birth or adoption of a child.

Enroll Now. You've Got One Shot!

What are Qualifying Life Events?

Most people know you can change your benefits when you start a new job or during Open Enrollment. But did you know that changes in your life may permit you to update your coverage at other points in the year? Qualifying Life Events (QLEs) determined by the IRS could allow you to enroll in health insurance or change your elections outside of the annual time.

Common qualifying events include:

A change in your legal marital status (marriage, divorce or legal separation)

A change in the number of your dependents (for example, through birth or adoption, or if a child is no longer an eligible dependent)

A change in your spouse's employment status (resulting in a loss or gain of coverage)

Some lesser-known qualifying events are:

Turning 26 and losing coverage through a parent's plan

A change in your employment status from full time to part time, or part time to full time, resulting in a gain or loss of eligibility

Entitlement to Medicare or Medicaid

Eligibility for coverage through the Marketplace

Changes in your address or location that may affect the coverage for which you are eligible

Changes that make you no longer eligible for Medicaid or the Children's Health Insurance Program (CHIP)

Death in the family (leading to change in dependents or loss of coverage)

When a Qualifying Life Event occurs, you have 30 days to request changes to your coverage. Keep in mind your change in coverage must be consistent with your change in status.

Questions regarding specific life events and your ability to request changes should be directed to Oglethorpe University's Human Resources. Don't miss out on a chance to update your benefits!

PREPARING FOR ENROLLMENT

As a committed partner in your health, Oglethorpe University absorbs a significant amount of your benefit costs. Your contributions for medical, dental and vision benefits are deducted on a pre-tax basis, lessening your tax liability. Please note that Employee contributions vary depending on level of coverage. Typically, the more coverage you have, the higher your portion.

You may select any combination of medical, dental and/or vision plan coverage. For example, you could select medical coverage for you and your entire family, but select dental and vision coverage only for yourself. The only requirement is that you, as an eligible Employee of Oglethorpe University, must elect coverage for yourself in order to elect any dependent coverage.

Enrollment To-Do

Update your personal information.

If you've experienced a qualifying life event in the last year, you may need to change your elections or update your details.

Double-check covered and restricted medications.

If you make any changes to your plan, consider how it affects your prescription coverage.

Review available plans' deductibles.

Take a look at your options – if you foresee a lot of medical needs this year, you might want a lower deductible. If not, you could switch to a higher deductible and enjoy lower premiums.

Consider your HSA or FSA.

An HSA or FSA can help cover qualified healthcare costs including dental and vision services and prescriptions. Adding one of these accounts to your benefits can help with your long-term financial goals – and your employer may contribute.

Check to see if your pharmacy is in-network.

Going in-network often saves you money. Check for any plan changes to make sure your favorite pharmacy is still your best bet and is covered in-network.

How to Pick a Plan

Which plan is right for you? When deciding, consider any medical needs you foresee for the upcoming plan year, your overall health, and any medications you currently take.

How does an OAP (Open Access Plus) Standard or Premium Plan work?

You'll pay more in premiums out of your paycheck, but perhaps less at the time of service.

You're able to choose from a network of providers who offer a fixed copay for services.

Lower Calendar Year Deductibles and Outof-Pocket Maximums

You can also use a Health Savings Account in conjunction, which provides a safety net for unexpected medical costs and tax advantages.

You'll pay less in premiums. (Think less

money from your paycheck.)

reach your deductible.

You'll pay for the full cost of non-

preventive medical services until you

If you expect to mostly use preventive care (which is covered), this plan could be for you.

MEDICAL BENEFITS

Ŷ.

Medical benefits are provided through Cigna. Choose the plan that works best for your life. Consider the physician networks, premiums and out-of-pocket costs for each plan. Keep in mind your choice is effective for the entire 2024 plan year, unless you have a qualifying life event.

Medical Premiums

Premium contributions for medical are deducted from your paycheck on a pre-tax basis. Your level of coverage determines your bi-weekly contributions. Contribution plan options include Open Access Plus with Health Savings Account (OAP with HSA), OAP Standard, and OAP Premium.

| | OAP WITH HSA | OAP STANDARD | OAP PREMIUM |

How to Find a Provider

Visit myCigna.com or call Customer Care at 866-494-2111 for a current list of Cigna network providers.

- STEP 1: Click on "Find a Doctor" at the top of the screen. Then, under "How are you Covered?" select "Employer." (If you're already a Cigna customer, log in to myCigna.com or the myCigna® app to search your current plan's network. To search other networks, use the Cigna.com directory.)
- **STEP 2:** Change the geographic location to the city/state or zip code you want to search. Select the search type and enter a name, specialty or other search term. Click on one of our suggestions or the magnifying glass icon to see your results.
- **STEP 3:** Answer any clarifying questions, and then verify where you live (as that will determine the networks available).
- **STEP 4:** Select "Open Access Plus, OA Plus, Choice Fund OA Plus."

That's it! You can also refine your search results by distance, years in practice, specialty, languages spoken and more.

Thoughts & Tips: Most preventive care offered by an in-network physician is covered at 100%.

*After Deductible

On the OAP Standard and OAP Premium plans, the individual deductible amount must be met by each member enrolled under your medical coverage. If you have several covered dependents, all charges used to apply toward a "per individual" deductible amount will also be applied toward the "per family" deductible amount. When the family deductible amount is reached, no further individual deductibles will have to be met for the remainder of that plan year. No member may contribute more than the individual deductible amount to the "per family" deductible amount. The same typically applies for the out-of-pocket maximum.

On the OAP with HSA plan, each covered individual is not required to meet the individual deductible. The OAP with HSA has an aggregate deductible, meaning the family deductible amount will include all combined eligible expenses that you and your covered dependents incur. The family deductible amount may be satisfied by one member or a combination of two or more members covered under your medical plan. The same typically applies for the out-of-pocket maximum.

Healthcare Cost Transparency

With options like the OAP with HSA Plan and Flexible Spending Accounts, your healthcare spending is in your control. But with so many providers and varying costs for services, how do you decide where to go? Healthcare cost transparency tools are online services available through most health insurance carriers that allow consumers to compare costs for medical services, from prescriptions to major surgeries, to make choices easier. To learn more, visit www.myCigna.com or call 866-494-2111.

Rising Costs of Healthcare

The cost of healthcare in the U.S. has been steadily growing each year. Why? Some of the factors include an aging population, increased demand for care (resulting in higher prices for premiums and prescription drugs) and an increase in chronic illnesses. **Oglethorpe University wants to help keep you healthy, so we do our best to keep your healthcare costs reasonable.** Make sure you're informed about your options so you can make the best healthcare choices for you and your family. Placing an importance on preventive care, making healthy choices, and managing costs will help keep your health and wallet — in control in the long run.

PREVENTIVE CARE

Most health plans are required to cover a set of preventive services — at no cost to you!

Screening tests and routine checkups are considered preventive, which means they're often paid at 100%. Keep up to date with your primary care physician to save time and money and keep yourself healthier in the long run. Under the U.S. Patient Protection and Affordable Care Act (PPACA), some common covered services include:

Wellness visits, physicals and standard immunizations

Screenings for blood pressure, cancer, cholesterol, depression, obesity and diabetes

Pediatric screenings for hearing, vision, obesity and developmental disorders

Anemia screenings, breastfeeding support and pumps for pregnant and nursing women

Iron supplements (for children ages 6 to 12 months at risk for anemia)

Take advantage of these covered services. However, remember that diagnostic care to identify health risks is covered according to plan benefits, even if done during a preventive care visit. This means if your doctor finds a new condition or potential risk during your appointment, the services may be billed as diagnostic medicine and result in some out-of-pocket costs. Read over your benefit summary to see what specific preventive services are provided to you.

WHERE TO GO FOR CARE

You think you may be sick, but your primary care physician is booked through the end of the month. You have a question about the side effects of a new medication, but the pharmacy is closed. Instead of immediately choosing an expensive trip to the emergency room or relying on questionable information from the internet, take a look below at various care center resources and the types of care they provide.

VIRTUAL MEDICINE

When you're sick, the last thing you want to do is leave the cozy comfort of your home. Or sometimes you're just too on the go to pop in for a visit. Virtual medicine is a convenient and easy way to talk to a doctor fast.

Telemedicine

We provide a telemedicine benefit through Cigna to you and your dependents. Cigna offers on-demand access to board-certified doctors through online video, telephone or secure email. You and your family can be treated for general health issues at home. Telemedicine is useful for after-hours non-emergency care, when your primary care doctor is unavailable, if you need prescriptions or refills or if you're traveling. Please note that some states do not allow physicians to prescribe medications via telemedicine. For more information, visit www.myCigna.com.

The cost for these services depend on the medical plan elected. If considered a preventive appointment, insurance will cover 100% of the appointment fee. Cigna partners with MDLive. MDLive provides cost transparency for the customer at the point of entry into MDLive before an appointment.

Cigna doctors can treat many medical conditions, including:

- » Cold & flu
- » Respiratory infection
- » Bronchitis
- » Sinus problems
- » Urinary tract infection

Virtual Visits

A virtual visit with Cigna lets you see and talk to a doctor from your phone, tablet or computer without an appointment. Most visits take about 10-15 minutes, and doctors can write a prescription (in participating states). Try a virtual visit when your doctor is not available or you're traveling.

Doctors can diagnose and treat a wide range of nonemergency medical conditions, including:

- Bladder infection/
 Urinary tract infection
- » Rash
- on » Sinus problems
 - » Sore throat
- Cold/flu

» Bronchitis

» Stomach ache

Access Virtual Visits

Visit www.myCigna.com to request a virtual visit. Once you register and request a consult, you will pay your portion of the service costs according to your medical plan, and then enter a virtual waiting room. During your visit you can talk to a doctor about your health concerns, symptoms and treatment options. The cost for these services depend on the medical plan elected. If considered a preventive appointment, insurance will cover 100% of the appointment fee. Cigna partners with MDLive. MDLive provides cost transparency for the customer at the point of entry into MDLive before an appointment.

Virtual visits aren't good for conditions requiring an exam or test, complex or chronic problems, or emergencies, including sprains or broken bones.

Prescription Drug Coverage for Medical Plans

Our Prescription Drug Program is coordinated through Cigna. That means you will only have one ID card for both medical care and prescriptions. Information on your benefits coverage and a list of network pharmacies is available online at www.myCigna.com or by calling the Customer Care number on your ID Card. Your cost is determined by the tier assigned to the prescription drug product. Products are assigned as Generic, Preferred Brand, Non-Preferred Brand or Non-Preferred Specialty.

Generic Drugs

Looking to save money on medication costs? You've most likely heard that generic prescription drugs are a more affordable option. Generic drugs are versions of brand-name drugs with the exact same dosage, intended use, side effects, route of administration, risks, safety and strength. Because they are the same medicine, generic drugs are just as effective as brand-name drugs and undergo the same rigid FDA standards. But on average, **a generic version costs 80% to 85% less than the brand-name equivalent.** To find out if there is a generic equivalent for your brand-name drug, visit www.fda.gov.

You can find a cost comparison tool at www.myCigna.com to assist in comparing medical and pharmacy prices. The OAP with HSA plan will cover certain preventive generic prescription drugs at no cost to you. All other prescription drugs covered by the OAP with HSA plan are covered at 100% after reaching your deductible. The OAP Standard and OAP Premium plans cover prescription drugs with either a copay or 80% up to \$300 maximum depending on drug tier. Prescription drug prices are negotiated by Cigna and will provide savings over paying at full retail costs.

Note: Apps such as GoodRx and RxSaver let you compare prices of prescription drugs and find possible discounts. If you use these tools, make sure to check the price against the cost through your insurance to get the best deal. Note that these discounts can't be combined with your benefit plan's coverage. As a result, if you choose to use a discount card from an app such as GoodRx or RxSaver, the amount you pay will not count toward your deductible or out-of-pocket maximum under the benefit plan.

HEALTH SAVINGS ACCOUNT

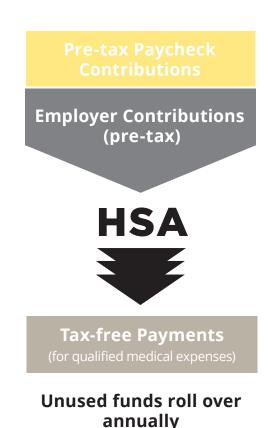

A Health Savings Account (HSA) is a personal healthcare bank account use to pay for qualified medical expenses. You own your HSA account. HSA contributions and withdrawals for qualified healthcare expenses are tax free. You must be enrolled in a HDHP to participate.

Your HSA can be used for qualified expenses for you, your spouse, and/or tax dependent(s), even if they are not covered by your plan. If you are not currently enrolled in the OAP with HSA but you have unused HSA funds from a previous account, those funds can still be used for qualified expenses.

WEX will issue you a debit card, giving you direct access to your account balance. Use your debit card to pay for qualified medical expenses, with no need to submit receipts for reimbursement. You must have a balance in your HSA account to use the card.

Eligible expenses include doctor's visits, eye exams, prescription expenses, over-the-counter medications, and more. Check out IRS Publication 502 on <u>www.irs.gov</u> for a complete list of eligible expenses.

Eligibility

You are eligible to contribute to an HSA if:

- » You are enrolled in an HSA-eligible High Deductible Health Plan.
- » You are not covered by your Spouse's or parent's non-HDHP.
- » You or your Spouse does not have a Healthcare Flexible Spending Account or Health Reimbursement Account.
- » You are not eligible to be claimed as a dependent on someone else's tax return.
- » You are not enrolled in Medicare or TRICARE.
- » You have not received Department of Veterans Affairs medical benefits in the past 90 days for non-service-related care. (Service-related care will not be taken into consideration.)

You Own Your HSA

Your HSA is a personal bank account that you own and manage. You decide how much you contribute, when to use the money for medical services and when to reimburse yourself. You can save and roll over HSA funds to the next year if you don't spend them all in the calendar year. You can even let funds accumulate year over year to use for eligible expenses in retirement. HSA funds are also portable if you change plans or jobs. There are no vesting requirements (you own all contributed HSA funds immediately) or forfeiture provisions (you keep all HSA funds whether you leave the company or retire).

How to Enroll

To enroll in Oglethorpe University's HSA, you must elect the HDHP with Oglethorpe University. Submit all HSA enrollment materials and choose the amount to contribute on a pre-tax basis. Oglethorpe University will establish an HSA account in your name and send in your contribution once bank account information has been provided and verified.

Plan. Spend. Save.

Contributions to an HSA can be made through payroll deduction on a pre-tax basis when you open an account with WEX. The money in this account (including interest and investment earnings) grows tax free. When the funds are used for qualified medical expenses, they are spent tax free.

If you withdraw funds from the account for nonmedical expenses, you will be subject to a penalty. At age 65, however, any unused funds in your HSA can be withdrawn without penalty for non-medical purposes. If you withdraw the funds in your HSA after age 65, you would be subject to normal income tax on the money in the account, but you would not be limited to using the money solely for medical-related expenses.

HSA Funding Limits

The IRS places an annual limit on the maximum amount that can be contributed to HSAs. For 2024, contributions (which include any employer contribution) are limited to the following:

| HSA FUNDING | LIMITS |
|-------------------------------------|---------|
| EMPLOYEE | \$4,150 |
| FAMILY | \$8,300 |
| CATCH-UP CONTRIBUTION (AGES 55+) | \$1,000 |

Oglethorpe University will match employee contributions dollar for dollar up to \$910 per year or \$35 per paycheck.

| EMPLOYER HSA CONTRIBUTION | |
|---------------------------|--|
| МАТСН | |
| \$1 for \$1 up to \$910 | |
| | |

Any matching contributions will become available on a per pay period basis.

HSA contributions in excess of the IRS annual contribution limits (\$4,150 for individual coverage and \$8,300 for family coverage for 2024) are not tax deductible and are generally subject to a 6% excise tax.

You are responsible for making sure your contributions are within IRS limits, and depending on your situation, those limits may change throughout the year.

If you've contributed too much to your HSA this year, you have two options:

- Remove the excess contributions and the net income attributable to the excess contribution before you file your federal income tax return (including extensions). You'll pay income taxes on the excess removed but won't have to pay a penalty tax.
- » Leave the excess contributions in your HSA and pay 6% excise tax on them. Next year consider contributing less than the annual limit to your HSA to make up for the excess contribution during the previous year.

The Oglethorpe University HSA is established with WEX. You may be able to roll over funds from another HSA. For more enrollment information, contact Human Resources or visit <u>www.wexinc.com</u>.

Thoughts & Tips: Because HSA funds never expire, contributing your annual maximum to your HSA can help you save to pay for healthcare expenses tax free after retirement.

*State income taxes are also waived on HSA contributions in almost all states.

FLEXIBLE SPENDING ACCOUNTS

Flex your spending power! A Flexible Spending Account (FSA) is a special tax-free account you put money into to pay for certain out-of-pocket expenses.

Healthcare Flexible Spending Account

You can contribute up to \$3,200 annually for qualified medical expenses (deductibles, copays, coinsurance, menstrual products, PPE, over-the-counter medications, etc.) with pre-tax dollars, which reduces your taxable income and increases your take-home pay. You can even pay for eligible expenses with an FSA debit card at the same time you receive them — no waiting for reimbursement.

Dependent Care Flexible Spending Account

In addition to the Healthcare FSA, you may opt to participate in the Dependent Care FSA — even if you don't elect any other benefits. Set aside pre-tax funds into a Dependent Care FSA for expenses associated with caring for elderly or child dependents. Unlike the Healthcare FSA, reimbursement from your Dependent Care FSA is limited to the total amount that is currently deposited in your account.

- » With the Dependent Care FSA, you can set aside up to \$5,000 to pay for child or elder care expenses on a pre-tax basis.
- » Eligible dependents include children under 13 and a spouse or other individual who is physically or mentally incapable of self-care and has the same principal place of residence as the employee for more than half the year.
- » You must provide the tax identification number or Social Security number of the party providing care to be reimbursed.

This account covers dependent day care expenses that are necessary for you and your Spouse to work or attend school full time. Eligible expenses include:

- In-home babysitting services (not provided by a dependent)
- » Care of a preschool child by a licensed nursery or day care provider
- » Before- and after-school care
- » Day camp
- » In-house dependent day care

Due to federal regulations, expenses for your domestic partner and your domestic partner's children may not be reimbursed under the FSA programs. Check with your tax advisor to determine if any exceptions apply.

Thoughts & TipS: The Dependent Care FSA is not to be used for medical expenses, nor is it the same as electing medical coverage for dependents.

How to Use the Account

You can use your FSA debit card at doctor and dentist offices, pharmacies, and vision service providers. It cannot be used at locations that do not offer services under the plan unless the provider has also complied with IRS regulations. The transaction will be denied if you attempt to use the card at an ineligible location.

Once you incur an eligible expense, submit a claim form along with the required documentation. Contact WEX with reimbursement questions. If you need to submit a receipt, you will be notified by WEX. Always retain a receipt for your records.

While FSA debit cards allow you to pay for services at the point of sale, they do not remove the IRS regulations for substantiation. Always keep receipts and Explanation of Benefits (EOBs) for any debit card charges. Without proof that an expense was valid, your card could be turned off, and your expense deemed taxable.

General Rules

The IRS has the following rules for Healthcare and Dependent Care FSAs:

- » Expenses must occur during the 2024 plan year.
- » Funds cannot be transferred between FSAs.
- » You cannot participate in a Dependent Care FSA and claim a dependent care tax deduction at the same time.
- » You must "use it or lose it" any unused funds will be forfeited.
- » You cannot change your FSA election in the middle of the plan year without a qualifying life event.
- » Terminated employees have ninety (90) days following termination to submit FSA claims for reimbursement.
- » Those considered highly compensated employees (family gross earnings were \$155,000 or more last year) may have different FSA contribution limits. Visit www.irs.gov for more info.

Grace Period

- » FSA participants have an additional 2 1/2-month grace period to incur expenses after the plan year ends (December 31, 2024).
- If an expense is incurred during the grace period between January 1, 2025 and March 15, 2025 AND submitted for reimbursement on or before March 31, 2025, any remaining balance in the previous 2024 plan year that ended December 31, 2024 will be paid out from the claim, even though the service was provided in the NEW 2025 plan year.
- » The grace period applies to both the Dependent Care and Healthcare FSAs.

FSA VS HSA

Flexible Spending Accounts

Your employer owns your FSA. If you leave your employer, you lose access to the account unless you have a COBRA right.

Health Savings Accounts

You own your HSA. It is a savings account in your name, and you always have access to the funds, even if you change jobs.

| You can elect a Healthcare FSA even if you waive other coverage. You cannot make changes to your contribution during the Plan Year without a Qualifying Life Event. You cannot be enrolled in both a Healthcare FSA and an HSA. | ELIGIBILITY & ENROLLMENT | You must be enrolled in a Qualified High Deductible Health Plan to be eligible to contribute money to your HSA. You cannot be covered by a Spouse's FSA or enrolled in Medicare or TRICARE. You can change your contribution at any time during the Plan Year. |

/ELLNESS

In addition to your Employee Assistance Program through New York Life, your medical provider has resources for your overall wellness and mental health. Your mind and body are connected. Your thoughts, feelings and actions affect your overall well-being. We're committed to helping you achieve and maintain optimal mental, physical, and emotional health.

Through the Cigna MotivateMe[®] program, your employer provides you with financial rewards for the healthy actions you take. The goal is to keep you motivated to get your annual check-up, know your key health numbers and, ultimately, take control of your health. Cigna MotivateMe® is a voluntary wellness program available to all employees, administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease.

Below are some of the simple activities you can complete to start earning rewards.

1. Get your annual preventive check-up.

Your annual preventive check-up can help catch health issues before they become more serious. Most medical plans cover annual check-ups at 100% when received from an in-network health care provider.*

2. Complete your online health assessment.

The online health assessment is an easy-to-answer, online questionnaire that provides a snapshot of your health, and recommends steps for improvement. It should take about 15 minutes to complete.

To complete your online health assessment, log in to myCigna.com and select the "Wellness" tab. Then find the Health Assessment.

Don't have a primary care provider?

Find an in-network provider near you by logging in to myCigna.com and clicking "Find Care & Costs."

Quick Tip

Get your annual preventive check-up before taking the online health assessment because you will be asked to enter your validated biometric numbers.

For a full list of activities to complete to earn rewards:**

- **1.** Log in to myCigna.com
- 2. Click the "Wellness" tab
- **3.** Select "Incentive Awards" in the navigation bar

^{*}Plans may vary and not all preventive care services are covered. For example, most immunizations for travel are generally not covered. For the details of your specific medical plan and a complete list of covered preventive care services, see your plan materials. ** For all participants – if you think you might be unable to meet a standard for the reward under this wellness program, you might qualify for an opportunity to earn the same reward by different means. Contact Cigna at the number on your Cigna ID card and we will work with you and, if you wish, with your doctor. For participants who may have an impairment – if you are unable to participate in any of the program events, activities or goals because of a disability, you may be entitled to a reasonable accommodation for participation, or an alternative standard for rewards. For worksite accommodations, please contact Your human resources manager or Benefits Administrator. For accommodations with online, phone or other Cigna and D card other Cigna programs, please contact Cigna at the number on your Cigna ID card.

SUPPLEMENTAL HEALTH BENEFITS

Oglethorpe University offers several ways for you to supplement your medical plan coverage. This additional insurance can help cover unexpected expenses, regardless of any benefit you may receive from your medical plan. Coverage is available for you and your dependents and is offered at discounted group rates.

Accident Coverage

Accidents happen. You can't always prevent them, but you can take steps to reduce the financial impact. Accident coverage, available through Cigna, provides benefits for you and your covered family members if you have expenses related to an accident that occurs outside of work. Health insurance helps with medical expenses, but this coverage is an additional layer of protection that can help you pay deductibles, copays, and even typical day-to-day expenses such as a mortgage or car payment. Benefits under this plan are payable to you, to use as you wish.

Critical Illness Coverage

Critical Illness coverage through Cigna pays a lump-sum benefit if you are diagnosed with a covered disease or condition. You can use this money however you like; for example: to help pay for expenses not covered by your medical plan, lost wages, child care, travel, home health care costs or any of your regular household expenses.

Plan Highlights

- » Guaranteed Issue Coverage (no medical questions)
- Benefits are payable based on the date of the covered event occurring or the date of diagnosis.
 Illnesses or occurrences prior to the effective date of coverage will not be payable events
- » A \$50 annual Wellness Benefit is payable for each covered member for completing certain wellness screenings such as a pap test, cholesterol test, mammogram, colonoscopy or stress test (once per year per covered person)

Coverage Amounts:

- » Employee: \$10,000 or \$20,000
- » Spouse: 100% of Employee Benefit
- » Children: 100% of Employee Benefit

DENTAL BENEFITS

Brushing your teeth and flossing are great, but don't forget to visit the dentist too! Oglethorpe University offers affordable plan options for routine care and beyond. Coverage is available from Cigna.

Network Dentists

If you use a dentist who doesn't participate in your plan's network, your out-of-pocket costs will be higher, and you are subject to any charges beyond the Reasonable and Customary (R&C). To find a network dentist, visit Cigna at www.cigna.com and search for providers in the Cigna DPPO Advantage network.

Dental Premiums

Premium contributions for dental are deducted from your paycheck on a pre-tax basis. Your tier of coverage determines your bi-weekly premium.

Thoughts & Tips: Only 60% of adults ages 20 to 64 have been to the dentist in the past year. Take advantage of your dental coverage to keep your smile healthy.

Routine Dental Care Does More Than Just Brighten Your Smile

Research shows that individuals who get recommended preventive dental care save, on average, 31% on future dental costs. For individuals who don't get recommended preventive care, their future dental costs increase by an average of 43%. A healthier mouth offers savings you can smile about.

The Cigna DPPO Advantage network makes it easy to protect your health – and your smile – with the right dental care at the right price. You can choose a dentist from one large network directory that is easily accessible and available online. Our online tools allow you to make more informed decisions about your dentist and your dental care.

Understand How Your Plan Works

When you choose a network dentist, your coverage includes a wide range of eligible services after you satisfy any waiting period and meet your deductible.

Your plan includes coverage for preventive dental care services, including cleanings, x-rays and more, at no additional cost or at a reduced cost to you.*

*Most plans limit cleanings and bitewing x-rays to two per calendar year, and full mouth/panorex x-rays to one every three calendar years. See your plan documents for a list of covered and non-covered services under your specific plan.

Important Factors to Consider

- For procedures other than diagnostic or preventive services, you will usually pay a percentage of the cost – or coinsurance amount – to the dentist at the time of service.
- » You don't need an ID card to receive dental care.
- » You don't need to select a primary care dentist.
- » You don't need a referral to receive care from a specialist.

Your Access – Thousands of Dentists, One Directory

Cigna's DPPO Advantage network provides access to a large number of dentists and offers greater discounts with higher benefit levels compared to out-of-network dentists. This means more convenience and more ways for you to save.

SURVIVOR BENEFITS

It's difficult to think about what would happen if something ever happened to you, but it's important to have a plan in place to make sure your family is provided for. Survivor benefits provide financial protection and security. Securing Life insurance now ensures your family will be protected for the future.

Basic Life and Accidental Death and Dismemberment (AD&D) Insurance

Oglethorpe University provides Employees with Basic Life and AD&D insurance as part of your basic coverage through New York Life, which guarantees that loved ones, such as a Spouse or other designated survivor(s), continue to receive part of an Employee's benefits after death.

Your Basic Life and AD&D insurance benefit is 1 times annual compensation to the next \$1,000, up to \$200,000. If you are a full-time Employee, you automatically receive Life and AD&D insurance even if you elect to waive other coverage. Basic life insurance reduces to 65% at age 65 and 50% at age 70.

What's a beneficiary? Your beneficiary is the person you designate to receive your Life insurance benefits in the event of your death. This includes any benefits payable under Basic Life offered by Oglethorpe University. You receive the benefit payment for a dependent's death under the New York Life insurance.

Name a primary and contingent beneficiary to make your intentions clear. Make sure to indicate their full name, address, Social Security number, relationship, date of birth and distribution percentage. Please note that in most states, benefit payments cannot be made to a minor. If you elect to designate a minor as beneficiary, all proceeds may be held under the beneficiary's name and will earn interest until the minor reaches majority age at 18. If you need assistance, contact Human Resources or your own legal counsel.

Voluntary Life Insurance

Life and AD&D benefits are an important part of your family's financial security. The basic benefits provided to you by Oglethorpe University may not be enough to cover expenses in a time of need. Therefore, extra coverage is available to protect you and your family. Eligible Employees may purchase additional Voluntary Life insurance. Premiums are paid through payroll deductions. **Basic life insurance reduces to 65% at age 65 and 50% at age 70.**

Annual Enrollment

Employees and Spouses currently enrolled in the Voluntary Life plan may increase their benefit by one increment up to the guarantee issue amount without supplying Evidence of Insurability (EOI). EOI will be required for any increases above one increment (or if the increment increase exceeds the guarantee issue) as well as for all elections outside of the initial eligibility period. The EOI must be approved by New York Life prior to the benefit becoming active.

RETIREMENT PLANNING

Whether you're just starting out in your career or you've been in the workforce for years, it's always a good time to plan for retirement.

Contributing to a 403(b) account now can help keep you financially secure later in life. The Oglethorpe University 403(b) plan provides you with the tools and flexibility you need to prepare. In order to receive the Employer Match, employees must contribute at least 5% and have 12 months of continuous service. The employee contribution can be either pre-tax or Roth or any combination as long as it totals 5%.

| PLAN AT A GLANCE | | | | | |
|------------------|--|--|--|--|--|
| PLAN NAME | Oglethorpe University 403(b) Plan | | | | |
| RECORD KEEPER | Lincoln Financial 403(b) Plan | | | | |
| WEBSITE | www.lincolnfinancial.com/retirement | | | | |
| ELIGIBILITY | as of the 1st day of the month following thirty (30) days of service | | | | |
| COMPANY MATCH | There is no minimum contribution required to participate in the retirement plan. However, to receive the university's matching contributions, eligible employees must contribute a minimum of 5% of their annual salary. Oglethorpe University offers a 7% match of annual salary to employees who contribute a minimum of 5% of their annual salary and have one year of service. | | | | |

What is a 403(b)? This employer-sponsored retirement account can help build and create choices for your future self by saving money — tax free — from your paycheck. Due to the value of compounding interest, the sooner you participate in a 403(b), the better.

Eligible Employees can invest for retirement while receiving certain tax advantages. Administrative and record-keeping services for this plan are provided by Lincoln Financial 403(b) Plan. You can start making pre-tax contributions into the plan as of the 1st day of the month following thirty (30) days of service.

Pre-tax vs. 403(b): What's the difference? If you contribute to your 403(b) pre-tax, your contributions will be taken out before taxes each pay period. However, you'll have to pay taxes on the funds when you withdraw them during retirement. If you choose the available 403(b) Roth, contributions will be deducted from your paycheck after taxes — so you won't pay taxes when you withdraw during retirement. Once you retire, you might be in a higher tax bracket, so contributing after taxes now could save you money in the long run.

Thoughts & Tips: When you retire, you'll need at least 70% of your pre-retirement earnings to maintain your standard of living.

Contributing to the Plan

The deferred contribution limit set annually by the IRS is \$23,000 for 2024.

If you are age 50 or older this calendar year and you already contribute the maximum allowed to your 403(b) account, you may also make a "catch-up contribution." This additional deposit accelerates your progress toward your retirement goals. The maximum catch-up contribution is \$7,500 for 2024 — for a combined total contribution allowance of \$30,500. See your plan administrator for details.

Think you might be getting close to the annual contribution limit? Our payroll system tracks how much you've contributed. If you started at the company mid-year, let the Payroll Department know how much you contributed at your previous employer so that can be factored in.

How Much Should I Be Saving?

Industry standards suggest saving, at a minimum, 12% to 15% of your income, inclusive of Oglethorpe University's generous matching contribution. There is no minimum contribution required to participate in the retirement plan. However, to receive the university's matching contributions, employees must contribute a minimum of 5% of their annual salary. Oglethorpe University offers a 7% match of annual salary. Oglethorpe University will notify participants of any changes to the matching contribution at least 30 days prior to the payroll period the matching contribution will become effective. An employee's gross pay is used for this calculation. If you cannot afford to save much right now, at least make sure to be saving up to the matching amount so you are not leaving free money behind.

Changing or Stopping Your Contributions

You may change the amount of your contributions any time. All changes are effective as soon as administratively feasible and remain in effect until you modify them. You may also discontinue your contributions and start them again at any time.

Consolidating Your Retirement Savings

If you have an existing qualified retirement plan (pre-tax) with a previous employer, you may transfer that account into the plan any time. Visit Lincoln Financial 403(b) Plan at www.lincolnfinancial.com/retirement for details.

Regardless of which retirement account you choose or how much you contribute, it's important to think of it as a long-term strategy. Dipping into the account early will jeopardize the quality of your retirement and rack up penalties from the IRS.

Investing in the Plan

It's up to you how to invest the assets in your account. The Oglethorpe University 403(b) plan offers a selection of investment options for you to choose from. You may change your investment choices any time. For more details, refer to your 403(b) Enrollment Guide or visit www.lincolnfinancial.com/retirement.

Vesting - 100% Immediately

The term "vested" refers to how much of your 403(b) funds you can take with you if or when you leave Oglethorpe University. With our vesting schedule, you immediately own 100% of the company's matching contributions. You always own and are fully vested in your own personal 403(b) contributions.

Holidays

Oglethorpe University observes the following ten holidays during the year:

- » New Year's Day
- » Labor Day
- » Martin Luther King, Jr. Day

» Memorial Day

» Independence Day

- » Thanksgiving Day
- » Friday Following Thanksgiving
- » Juneteenth
- » Christmas Eve» Christmas Day

In addition, the University typically closes for winter break each year.

Vacation

An employee may accrue up to 120 hours of vacation. At that point, accruals will stop until hours fall below 120 (with the exception of employees with 12 or more years of service). Regular, full-time staff start with 10 vacation days per year. Ten-month staff are eligible for eight paid vacation days per year. Senior level staff accrue vacation at a slightly higher rate. Occasional exceptions to this cap may be approved for unusual situations such as the need to cover unplanned absences or special projects in a department. Exceptions must be approved by your supervisor and the Human Resources Director.

For regular, full-time employees (with the exception of faculty) vacation time begins to accrue immediately and may be used after 3 months of continuous employment.

Sick Leave

Regular full-time employees (with the exception of faculty and ten-month staff) are eligible for 10 days of paid sick leave each anniversary year. Ten-month staff are eligible for eight paid sick days. Sick leave may be used:

- » When unable to work because of illness or injury.
- » When the employee or dependent has a scheduled medical or dental appointment.
- » To care for an ill family member (spouse, parent, child, grandparents or grandchildren).

Although full-time Faculty do not receive regular sick days, they do accrue up to two weeks of FMLA leave each year to a maximum of 640 hours (16 weeks) for use with illness or other events which meet the definition of FMLA leave.

The accrual rate is based on actual hours worked in a pay period—when working less than a normal schedule, the accrual rate will be lower for that pay period.

Any accrued unused sick days are "banked" at the end of the year into a special account called a Family Medical Leave Act (FMLA) account. Once banked, sick days can only be used for events classified as FMLA leave. A maximum of 480 hours (12 weeks) can be banked into the FMLA account for staff.

Sick leave may not be "saved" by taking time off without pay. If an employee is absent and has exceeded his or her available sick leave balance, he or she may use vacation, if available, to cover the absence.

The employee is responsible for managing his or her sick leave and monitoring the sick leave balance which appears on each paycheck. Remember that sick time may only be used when there is a balance available.

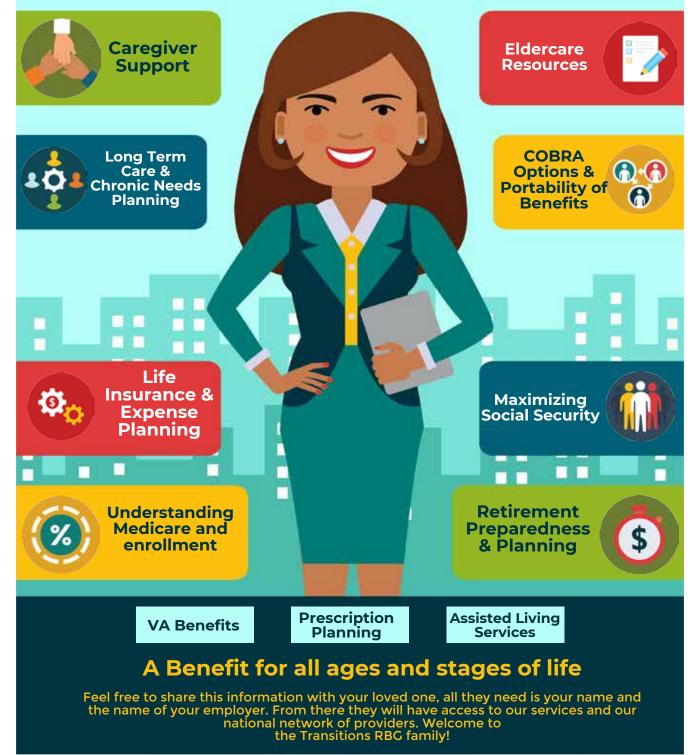

Unused sick leave is not paid upon termination of employment or upon transferring to a non-benefits eligible position. Once an employee gives notice of resignation, sick leave requests will no longer be approved.

GLOSSARY

Balance Billing – When you are billed by a provider for the difference between the provider's charge and the allowed amount. For example, if the provider's charge is \$100 and the allowed amount is \$60, you may be billed by the provider for the remaining \$40.

Coinsurance – Your share of the cost of a covered healthcare service, calculated as a percent of the allowed amount for the service, typically after you meet your deductible.

Copay – The fixed amount, as determined by your insurance plan, you pay for healthcare services received.

Deductible – The amount you owe for healthcare services before your health insurance begins to pay its portion. For example, if your deductible is \$1,000, your plan does not pay anything until you've paid \$1,000 for covered services. This deductible may not apply to all services, including preventive care.

Explanation of Benefits (EOB) – A statement from your insurance carrier that explains which services were provided, their cost, what portion of the claim was paid by the plan, and what portion is your liability, in addition to how you can appeal the insurer's decision.

Flexible Spending Accounts (FSAs) – A special taxfree account you put money into that you use to pay for certain out-of-pocket healthcare costs. You'll save an amount equal to the taxes you would have paid on the money you set aside. FSAs are "use it or lose it," meaning that funds not used by the end of the plan year will be lost. Some Healthcare FSAs do allow for a grace period or a rollover into the next plan year.

- » Healthcare FSA A pre-tax benefit account used to pay for eligible medical, dental, and vision care expenses that aren't covered by your insurance plan. All expenses must be qualified as defined in Section 213(d) of the Internal Revenue Code.
- » Dependent Care FSA A pre-tax benefit account used to pay for dependent care services. For additional information on eligible expenses, refer to Publication 503 on the IRS website.

Healthcare Cost Transparency – Also known as market transparency or medical transparency. Online cost transparency tools, available through health insurance carriers, allow you to search an extensive national database to compare varying costs for services.

Health Savings Account (HSA) – A personal healthcare bank account funded by your or your employer's tax-free dollars to pay for qualified medical expenses. You must be enrolled in a HDHP to open an HSA. Funds contributed to an HSA roll over from year to year and the account is portable, so if you change jobs your account goes with you.

High Deductible Health Plan (HDHP) – A plan option that provides choice, flexibility and control when it comes to healthcare spending. Most preventive care is covered at 100% with in-network providers, there are no copays and all qualified employee-paid medical expenses count toward your deductible and your out-of-pocket maximum.

Network – A group of physicians, hospitals and other healthcare providers that have agreed to provide medical services to a health insurance plan's members at discounted costs.

- » In-Network Providers that contract with your insurance company to provide healthcare services at the negotiated carrier discounted rates.
- » Out-of-Network Providers that are not contracted with your insurance company. If you choose an outof-network provider, services will not be covered at the in-network negotiated carrier discounted rates.
- » Non-Participating Providers that have declined entering into a contract with your insurance provider. They may not accept any insurance and you could pay for all costs out of pocket.

Open Enrollment – The period set by the employer during which employees and dependents may enroll for coverage, make changes or decline coverage.

Out-of-Pocket Maximum – The most you pay during a policy period (usually a 12-month period) before your health insurance begins to pay 100% of the allowed amount. This does not include your premium, charges beyond the Reasonable & Customary, or healthcare your plan doesn't cover. Check with your carrier to confirm what applies to the maximum.

Over-the-Counter (OTC) Medications – Medications available without a prescription.

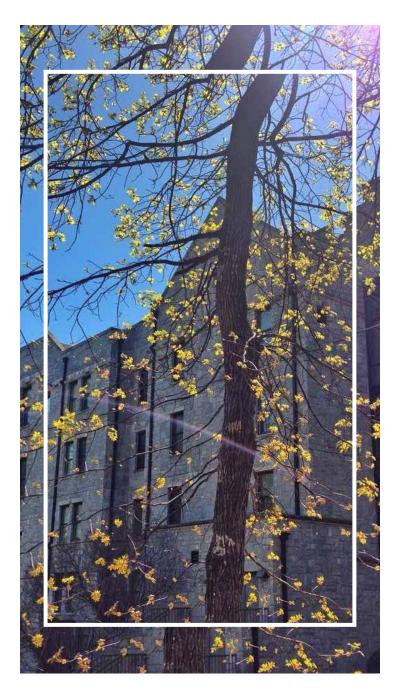

Prescription Medications – Medications prescribed by a doctor. Cost of these medications is determined by their assigned tier: generic, preferred, non-preferred or specialty.

- » Generic Drugs Drugs approved by the U.S. Food and Drug Administration (FDA) to be chemically identical to corresponding preferred or nonpreferred versions. Usually the most cost-effective version of any medication.
- » Preferred Drugs Brand-name drugs on your provider's approved list (available online).
- » Non-Preferred Drugs Brand-name drugs not on your provider's list of approved drugs. These drugs are typically newer and have higher copayments.
- » Specialty Drugs Prescription medications used to treat complex, chronic and often costly conditions. Because of the high cost, many insurers require that specific criteria be met before a drug is covered.
- » Prior Authorization A requirement that your physician obtain approval from your health insurance plan to prescribe a specific medication for you.

Reasonable and Customary Allowance (R&C) – Also known as the UCR (Usual, Customary, and Reasonable) amount. The amount paid for a medical service in a geographic area based on what providers in the area usually charge for the same or similar medical service. The R&C amount is sometimes used to determine the allowed amount.

Summary of Benefits and Coverage (SBC) – Mandated by healthcare reform, your insurance carrier provides you with a summary of your benefits and plan coverage.

Summary Plan Description (SPD) - The document(s) that outline the rights, obligations, and material provisions of the plan(s) to all participants and their beneficiaries.

Required Notices

Important Notice from Oglethorpe University About Your Prescription Drug Coverage and Medicare under the OAP with HSA, OAP Standard and OAP Premium Plan(s)

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Oglethorpe University and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

- Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
- 2. Oglethorpe University has determined that the prescription drug coverage offered by the OAP with HSA, OAP Standard and OAP Premium plan(s) is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Oglethorpe University coverage may not be affected. For most persons covered under the Plan, the Plan will pay prescription drug benefits first, and Medicare will determine its payments second. For more information about this issue of what program pays first and what program pays second, see the Plan's summary plan description or contact Medicare at the telephone number or web address listed herein.

If you do decide to join a Medicare drug plan and drop your current coverage, be aware that you and your dependents may not be able to get this coverage back.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Oglethorpe University and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information about This Notice or Your Current Prescription Drug Coverage...

Contact the person listed at the end of these notices for further information. **NOTE:** You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Oglethorpe University changes. You also may request a copy of this notice at any time.

For More Information about Your Options under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- » Visit <u>www.medicare.gov</u>
- » Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227).
 TTY users should call 1-877-486-2048

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at <u>www.socialsecurity.gov</u>, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Medicare Part D notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- » All stages of reconstruction of the breast on which the mastectomy was performed;
- » Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- » Prostheses; and
- » Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. For deductibles and coinsurance information applicable to the plan in which you enroll, please refer to the summary plan description. If you would like more information on WHCRA benefits, please contact Human Resources at 404-364-8325.

HIPAA Privacy and Security

The Health Insurance Portability and Accountability Act of 1996 deals with how an employer can enforce eligibility and enrollment for health care benefits, as well as ensuring that protected health information which identifies you is kept private. You have the right to inspect and copy protected health information that is maintained by and for the plan for enrollment, payment, claims and case management. If you feel that protected health information about you is incorrect or incomplete, you may ask your benefits administrator to amend the information. For a full copy of the Notice of Privacy Practices, describing how protected health information about you may be used and disclosed and how you can get access to the information, contact Human Resources at 404-364-8325.

HIPAA Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents' other coverage).

Loss of eligibility includes but is not limited to:

- » Loss of eligibility for coverage as a result of ceasing to meet the plan's eligibility requirements (i.e. legal separation, divorce, cessation of dependent status, death of an employee, termination of employment, reduction in the number of hours of employment);
- » Loss of HMO coverage because the person no longer resides or works in the HMO service area and no other coverage option is available through the HMO plan sponsor;
- » Elimination of the coverage option a person was enrolled in, and another option is not offered in its place;
- » Failing to return from an FMLA leave of absence; and
- » Loss of coverage under Medicaid or the Children's Health Insurance Program (CHIP).

Unless the event giving rise to your special enrollment right is a loss of coverage under Medicaid or CHIP, you must request enrollment within 30 days after your or your dependent's(s') other coverage ends (or after the employer that sponsors that coverage stops contributing toward the coverage).

If the event giving rise to your special enrollment right is a loss of coverage under Medicaid or the CHIP, you may request enrollment under this plan within 60 days of the date you or your dependent(s) lose such coverage under Medicaid or CHIP. Similarly, if you or your dependent(s) become eligible for a state-granted premium subsidy towards this plan, you may request enrollment under this plan within 60 days after the date Medicaid or CHIP determine that you or the dependent(s) qualify for the subsidy.

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

To request special enrollment or obtain more information, contact Human Resources at 404-364-8325.
